No. 328 of 1910/11

Dharwar, 19th September 1910.

Returned with compliments.

2/. The Deputy Edl Inspector, Dharwar, is quite right in saying that the Urdu school at Savanur wants a trained Head master and the undersigned agrees with him. The arrangement proposed by the Diwan does not show the employment of any trd man.

The number in the school is about 150 and it teaches standard V. The Mahomedan population of Savanur is 4369 i.e. nearly equal to that of Hindus. The Kanarese school has an attendance of nearly 300. If the staff of the Urdu school be strengthened as that of the Vernacular school with trained teachers the Urdu school is sure to show improvement both in No. and efficiency. If the desh pande be transferred and the proposed arrangement be made the staff will consist of only untrained and unpassed men and the school is sure to go down both in number and efficiency. According to the grades, the pay of the Hd Mr of the Urdu school at Savanur should be of Rs 30/ and if the pay be raised to this amount, a competent 3rd year trained young man would be willing to go there.
